

# ARVO 2018 SUCCESSSS

## *Preclinical Ophthalmic Research*

### **ARVO 2018 (The Association for Research in Vision and Ophthalmology) Honolulu, Hawaii**

The CBI team has returned from a successful 2018 ARVO convention with fresh insights into the field of ophthalmology. As a premier CRO in the preclinical ophthalmic space, we look forward to sharing our capabilities with you in preclinical ophthalmic research to push your ocular programs forward. CBI can deliver sophisticated animal models the ocular space and has the capabilities to provide you with meaningful endpoints to support your program. We can also support your programs with our fully capable, state of the art histopathology lab. Please do not hesitate to contact us and place your studies in capable hands.
